The Honorable Kay Granger  
Ranking Member  
Committee on Appropriations  
United States House of Representatives

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$3 million in community project funding for the Fair Haven Community Health Clinic.

The entity to receive funding for this project is the Fair Haven Community Health Clinic, Inc., located at 374 Grand Avenue, New Haven, CT 06513.

The funding would be used to support the construction of a new 33,500 square foot health center on the corner of Grand Avenue and James St in the Fair Haven neighborhood of New Haven. Given the marked increase in demand for services coupled with the need to provide services in a modern building built to maximize efficiencies and workflows, FHCHC has purchased the adjacent property at the corner of James Street and Grand Avenue with the vision to open a new state-of-the-art community health center. The new facility will provide services within our largely immigrant, poor community that are desperately needed: integrated medical and behavioral health services; virtual as well as on-site treatment of chronic diseases such as diabetes and asthma which are significantly more prevalent among people of color; and primary healthcare in an environment that supports smooth workflows and efficiencies. The new facility will also help to address needs identified by the community as important: community meeting room space, on site lab and pharmacy, and additional parking.

I certify that neither I nor my immediate family has any financial interest in this project.

A handwritten signature in black ink that reads "Rosa L. DeLauro".
